According to preliminary data of the Central Statistical Office, industrial production in August 2015. was 5.3 percent. higher compared to the same month of 2014. The result was in line with expectations MG.

Compared with August 2014., industrial production was higher in 24 out of 34 industry sectors. Significant growth was recorded in manufacture of motor vehicles, trailers and semi-trailers (by 26 per cent.) And beverages (12.3 percent.). The strongest while sales declined in the production of basic metals (by 5.3 per cent.). The increase in production recorded therefore still an overwhelming number of departments, which allows for a confident assessment of prospects for the coming of the industrial sector. The results have rebounded but the effects of the August weather conditions.

In August 2015 y compared with the same month of 2014., it has also increased sales of construction companies was higher by 4.8 percent.

Producer prices in August 2015. Were lower than last year by 2.7 per cent., Compared with a fall of 1.8 percent. (revised) in July. Compared with July 2015. Prices fell by 0.7 percent. This decline should be defined as significant.

MG Analysts predict that in September 2015.,, with no differences in the number of working days compared with 2014., industrial production growth should slow slightly, to 4 percent.
