According to estimates of the Central Statistical Office, prices of consumer goods and services in August 2015. Fell 0.4 percent. compared with July 2015. In comparison with August 2014. were the lower 0.6 percent. The results are consistent with expectations MG.

The main factor that influenced the change in prices in August 2015., was the decline in food prices - 0.8 percent., As well as clothing and footwear - by 2.4 percent. - And in transport, where prices fell by 1.1 per cent.

The Ministry of Economy estimates that in September of 2015. prices should increase by 0.1 percent. We expect rising food prices, and also further fall in prices in transport. The seasonal increase should be noted prices of clothing and footwear. The annual rate of inflation in September are expected to be (minus) -0.5 per cent.
